THE GRAD PARTNERSHIP | Advancing Student Success Systems

STUDENT SUPPORT SYSTEM SUCCESS MAP TEMPLATE

(1) Current Needs

- Students have significant academic, social, and mental health needs (in and out of school).
- Educators need training in areas of current student needs.
- Relationships need to improve, within the school and with parents.

(3) Consider Solutions

Strong and supporting relationships	Real-time, actionable, holistic data
Strategic improvement actions	Student-centered mindsets

(4) Elevate Strengths

(2) What Success Looks Like

- Alignment across systems with shared purpose and clear communication.
- Students are at the center of all work, with space for student voice.
- Leadership is supportive and equipped to provide support.
- Districts and schools engage with families and communities as partners in education.
- Data is used (quantitative and qualitative) to understand what is happening, why, and how to respond.

(5) Identify Actions

(4) Acknowledge Challenges
