

Commitments for GRAD Partnership Intermediaries

OUR INTERMEDIARIES COMMIT TO THE FOLLOWING:

- Taking responsibility for supporting implementation of student success systems as defined by the GRAD Partnership with a specified cohort of participating schools or school districts;
- Fulfilling the GRAD Partnership reporting requirements, including annual grade-level on-track data reports and quarterly coach reflection forms;
- Working with implementing schools and existing district data systems and data tools to ensure school-based student success teams have timely access to key predictive indicator data, including attendance, course grades, and well-being metrics.
- Participating in "networking" events, when feasible;
- Partnering with the GRAD Partnership team in ongoing awareness raising and advocacy for student success systems; and
- Receiving customized, capacity building and technical assistance from a GRAD Partnership service provider that is tailored to the needs of the Intermediary and its school cohort. Fees for these services typically range from \$10k to \$50k over a one- to three-year period.
